How to Use TM Lite

Teams entering 5 or more swimmers are required to submit their entries electronically. Team Managers will need to download [Team Manager Lite](#) if they do not already use this software.

If you have previously downloaded & set-up TM Lite, skip to step 4.

If you are already using the full version of Team Manager, then skip to step 5.

1. Click **File / Open** and type in a database name to create a TM database (normally the abbreviation of your Club, but the default will suffice). Click OK on the 'Log-In to' window;
2. In System Preferences, choose British Swimming in **Default Team Registration**, AGE in **Default Team Type** and GBR in **Default Country**. In the **Meet Age-Up Date** box enter the age-up date according to the conditions of the meet. Enter the same date in the **System Age-Up Date**. A window will then pop-up. Click OK;
3. From the main menu click **Teams** then click **Add** and add your **Team Abbr, Full Team Name and Short Team Name**. Click  to return to the main menu;
4. Click Athletes in the main menu. Click Add to add swimmers that are to compete in the Meet. Fill in: **Last Name, First Name, Birthdate, ID#** (ASA number), **Gender** and **Team 1**. Ensure full name is as per their ASA membership record to avoid problems with acceptance by rankings. Click OK. Upon completion of last swimmer record, click OK then Cancel, then click .
5. Import the Meet Events file into TM Lite or TEAM MANAGER using **File / Import / Meet Events**. This is a zipped file – there is no need to unzip the files before attempting to import the Meet Events.
6. On the main screen click **Meets**, select the meet and click **Entries** and select **Entry By Event** or **Entries By Name** to place swimmers into individual events. If a valid entry time is not available, for each entry, you must enter a custom entry time, or enter NT (no time).
7. For relay events, on the main screen click Meets, select the meet and click Entries and select **Entry by Event**. Click "New Relay". If a valid entry time is not available you must enter a custom entry time, or enter NT (no time). To add a second relay team, click "New Relay" and repeat process.
8. On the main screen click **Reports / Meet Reports / Meet Entries** to create a report of the meet entries to verify that all entries are complete and correct;
9. On the main screen click **File / Export / Meet Entries**. This will create a zipped file. Locate that zipped file and send it via e-mail to openmeetentries@edsc.org.uk.

Upon receipt of your entries EDSC will send you a final entry report so that you can double check your entries.

*Please note that if you had the basic **TEAM MANAGER**, this entry process would be **much easier** as your athlete's data is already entered and TM would automatically be able to determine which of your swimmers qualify for each event and will use each swimmer's Best Time as the entry time for the meet - no need to enter a Custom Entry Time for each entry and each meet. You can order TEAM MANAGER on the web at www.hy-tekltd.com/store.*
